- ◆ Library Commons with new Intermediate resources

Student Success Supports

- ◆ Special Education & Learning Support Teachers
- ◆ Body Break Room
- ◆ ESL support

Since you asked ...

High schools are busy places! Keep track of information through the daily announcements posted to the school website, and information posted at school.

At Merivale, big becomes small when you get involved! Teachers will communicate with their classes regarding clubs/activities/athletics available

to our Intermediate students based on the OPH protocols in place at school.

Merivale High School is proud of our safe and caring environment. We have a dedicated and supportive staff. Our administration team, teachers, support staff, EA team, and care staff all want your time at Merivale

to be positive and rewarding.

We look forward to welcoming you to the first day of the 2021-22 school year as a Merivale Marauder! Our staff and the MHS student WEB Crew team will be ready to greet you on our first day of school together!

Welcome to Merivale High School, a vibrant community school offering programs for students in grades 7-12!

Our Merivale community is built on RESPECT for ourselves, our classmates, our staff, and our school. Our students embody the OCDSB exit outcomes and character traits that will serve them well throughout their lives. Merivale students are diverse, warm and friendly and welcome new students regularly.

Much of Merivale's success is due to the dedication of our staff, who created a family-like atmosphere from our opening day over 50 years ago that has carried forward to today. Our staff are caring professionals who are committed to supporting our students both within and beyond the classroom and who also volunteer with school teams, clubs, and initiatives.

A window into MHS school life!
